

EZ ELECTRIC TRIM SYS.

THIS IS THE 4TH VERSION OF THIS TRIM SYSTEM IN MY COZY. IT IS VERY SIMPLE. THE ACTUATOR FREEWHEELS AT EITHER END, DRAWS 2.5 MPS UNDER LOAD AND IS VERY SMALL. THE SPRINGS ALLOW A GOOD 'FEEL' UNDER NO-LOAD AND THE MOTOR HAS LOTS OF POWER ON EITHER END OF THE TRIM RANGE. YOU WILL NEED ACCESS TO A LATHE TO MAKE THE PLUGS. IF YOU DON'T HAVE ONE I WILL MAKE THE PLUGS FOR YOU FOR \$25.00. IF YOU CANNOT FIND THE SPRINGS I'LL SEND THEM FOR \$10.00. IF YOU WOULD LIKE THE ENTIRE TORQUE ROD READY TO INSTALL I'LL SUPPLY IT FOR \$95.00. IF YOU WANT THE ENTIRE TRIM SYSTEM (EGADS? YOU MUST BE HAVING SOMEONE BUILD YOUR PROJECT) I'LL SUPPLY IT FOR \$495.00, READY TO GO. QUESTIONS, GIVE ME A CALL.

JANCE ATKINSON 817-354-8064
