

# RAFE FORMATION INVITATIONAL EVENT

June, 26-28, 2021

Covington Airport, (M04) TN

[www.RutanAircraftFlyingExperience.org](http://www.RutanAircraftFlyingExperience.org)

Preserving and Promoting Rutan Aircraft,  
the Homebuilts that led to Space!

Congratulations David Orr, you've been invited to attend the June 2021 Rutan Aircraft Flying Experience Invitational Formation Event.

The mission objective of this event is to bring together those Canard Pilots with a solid foundation of formation flying and hone our skills utilizing the guidelines set forth in the Formation Flying, Inc [Formation Guidelines and Standard Procedures](#) and the [LongEZ/Varieze Supplement](#)

We look forward to your participation. If you are aware of other Canard Pilots with a high degree of formation skills please refer them to us for consideration as participants in this event. This is an invitational event. You must have received this letter to attend. We welcome those that would like to sit in and learn but there will not be any "first time" formation training going on. Consider this course an advanced course for those that already have some formation experience and desire work towards their FFI Wingman or Leads cards or just want to have fun flying with experience canard formation Pilots.

The schedule is ambitious so please come ready to fly and learn.

Sincerely,

A handwritten signature in black ink that reads 'Ryszard Zadow'.

Ryszard Zadow

Pres. RAFE
