

FOLLOWING THE SUCCESS OF OUR AV1 AVIATION SUNGLASSES, WE ARE PROUD TO INTRODUCE, THE AV2 AND AV3!

◁ AV2, green lenses with light green front mirror coating.

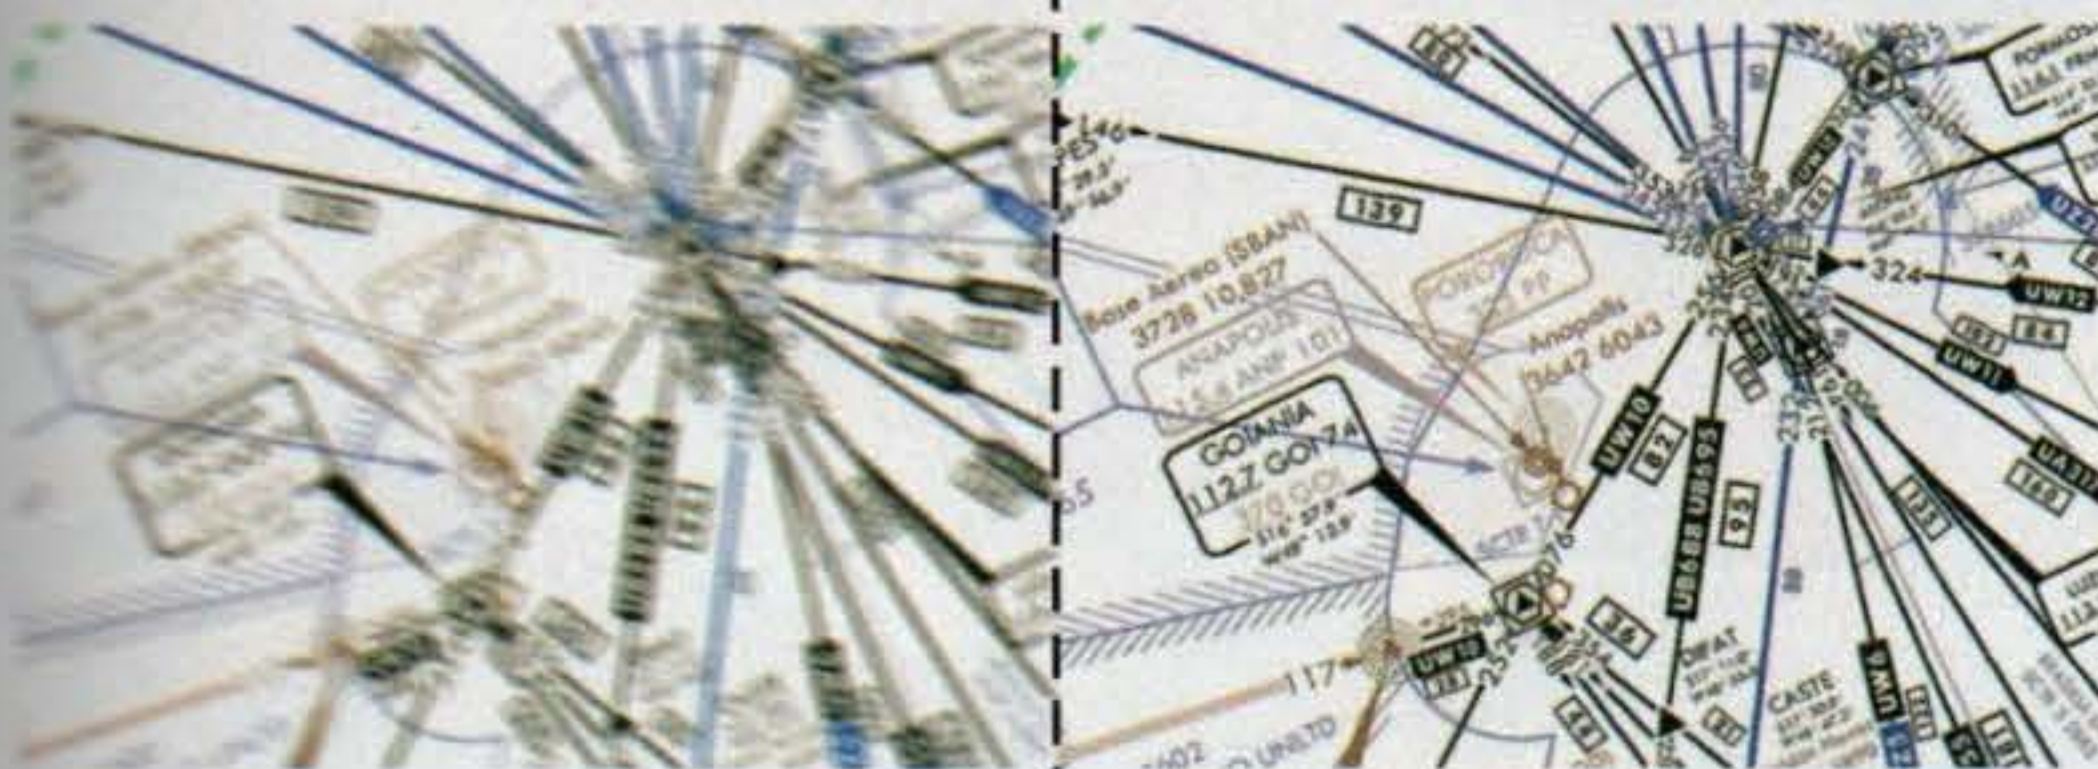

▽ AV2, gray lenses with light silver front mirror coating.

▽ AV3, gray lenses.

BUILT-IN MAGNIFICATION SPOTS

All our eyewear is available with +1.5, +2.0, and +2.5 spot diopters.
Models shown: \$99.95.

PLAIN SUNGLASSES | DUAL SUNGLASSES

Our AV series sunglasses with built-in interior spot magnification have been designed with the pilot's needs in mind. They feature extremely light stainless steel frames with thin and flexible stainless steel temples which provide maximum comfort for prolonged use.

Our non-polarized nylon lenses feature an interior anti-reflective coating to reduce eyestrain. Higher quality than polycarbonate, nylon lenses are more resistant to scratches, offer higher definition, 100% UV protection, and are lighter weight.
